

Therapy you can trust

InnoSpire Deluxe – compressor nebulizer system

InnoSpire Deluxe is a reliable and easy to use compressor nebulizer system suitable for nebulizing most aerosol medications prescribed for common respiratory diseases.

InnoSpire Deluxe is part of our InnoSpire family of compressor nebulizer systems that provide reliable drug delivery to patients.

Suitable for professional or home use, InnoSpire Deluxe has been designed to easily manage prolonged use in a clinical environment as well as frequent use in the home.

Proven nebulizer technology

Coupled either with the SideStream Reusable or SideStream Plus handset, the InnoSpire Deluxe provides highly efficient aerosol therapy in fast treatment times.

Key features

- Matched with SideStream Reusable or SideStream Plus
- 7LPM driving flow
- Continuously rated for constant use
- Large integral storage
- Handle for easy transport

PHILIPS
RESPIRONICS

Reliable aerosol delivery

SideStream Reusable and SideStream Plus have been designed to draw more air in, via an active venturi system, resulting in fast drug delivery and short treatment times.

They also have a unique diamond jet design which helps to minimize wear from frequent use and aids consistent delivery of a high quality aerosol.

SideStream Reusable

By utilising a venturi, SideStream produces a flow rate of 16 l/min

Innovative diamond jet design produces consistently high quality aerosol

SideStream Plus

Equipped with a low resistance valve to deliver fast treatments with less waste

Our optional filter accessory also helps to reduce the unnecessary release of medication in ambient air, especially when nebulizing antibiotics

Specifications	Product	
Performance data	SideStream Plus	SideStream Reusable
MMAD	3.42µm	2.93µm
Fine particle fraction	67%	76.3%
Treatment time (2.5mL charge)	3.68 min	4.12 min
Product specifications	InnoSpire Deluxe	
Electricity supply	230V/50Hz, 1Amp	
Compressor max. pressure	360kPa (3.6bar)	
Average flow rate	7LPM @ 10 psig	
Max flow rate	9.8LPM	
Thermal overload protector	Thermal fuse; functioning temperature 150°C	
Size	38 x 17 x 11cm	
Weight	2.2kg	
Sound level	58 ± 3dBA	
Operating temperature/humidity	10°C to 40°C / 10% to 95% non-condensing	

Ordering information	Part no.
Compressor nebulizer systems - including SideStream Plus kit
